

CRP UPLOAD CIF

28 February 2024

SCANIA

Description

- Upload CIF is a functionality made for bus bodybuilders to upload CO2 files in CRP. When the CO2 calculation for the complete vehicle is done, the vehicle's customer information file (CIF) should be uploaded back to CRP for Scania to be able to secure CO2 fleet average standards.

Steps

- 1. Search for the chassi number of the vehicle you want to upload the CIF for.

COMMON REPORTING PORTAL **CO2 & COC** **CONTACT US**

SEARCH CERTIFICATES

Chassis Numbers **i**

Search

- 2. Under "Actions" to the far right, click on the "Upload CIF" icon.

<input type="checkbox"/>	Chassis	Date	COC Type	Type	Variant	Version	CoC State	Origin	Actions
<input type="checkbox"/>	██████████	2024-02-28					N.A	CO2	#

- 3. Select the CIF XML and upload.
